" NEW YEAR'S EVE JUST ISN'T THE SAME ANYMORE! "

WORSHIP AT ADARE:

South Australia received two Christmas gifts it doesn't want – COVID Delta and COVID Omicron. The latter strain is particularly virulent and is moving rapidly through our communities. Health authorities have asked that we be particularly vigilant with due attention to hygiene, cleanliness, social distancing and the wearing of masks. This would include both within our church, vestry, hall, office and undercover areas. Please follow COVID Marshal instructions to protect all.

The most recent Health guidelines will allow our Adare members to worship in the same format as in recent months as long as we maintain all COVID requirements. We do have to protect each other, and **if you are NOT double vaccinated, or are compromised because of a major health condition, Church Council would recommend that you NOT attend church at this time. You can view** our service each week on the website from Monday evening :(<https://adarechurch.org.au/my-church/videos-of-recent-church-services>), or on a DVD (see Ken Pratt or Jim Miles).

ANY TAKERS?

OFFICE ASSISTANT: We did not receive any applications for the position of Adare office support 6 hpw (by arrangement). We would like to hear from any person who has an interest. Some training will be offered.

RELIEF WORKSHOP SUPERVISOR:

Encounter Centre is in need of a Relief Workshop Supervisor. Adare has been involved in Encounter ever since it started. It could be that we have someone at Adare with Carpentry skills who would be happy to fill this temporary position.

The workshop is important because it provides a satisfying activity for volunteers plus it is a substantial source of income that supports the handicapped within our city.

For more information contact Jim Miles or Encounter's manager 85522995

PEOPLE:

Milton Hender turns 90 on the 13th January – another milestone reached.

John and Margaret Mathieson are shifting on the 13th January to their new accommodation in Marion. We will miss their friendship and many skills and wish them well in their new environment.

We continue to have a long list of people that need our care and our prayers. Not all are travelling well and we sincerely pray that the medical teams can intervene in a way that improves the health of our people. Here are a few names of people you may wish to pray for:

Jill Magor, Leslie Barnes, Milton Hender, Rene Dixon, Beth Baker, Beth Duke, Ross Ford, Betty Ginn, Ann Richardson, Pat Keep, Fay Anderson, Ruth and John Keith, Margaret and John Mathieson, Max Vincent, and members of your care group.
