BIBLE STUDY RESOURCES:

There are many good resources on the internet which bible study groups could use. Jim Hayward may have inspired you to look more closely at the book of Luke. The following short videos and discussion points may motivate your group. Take a look at <https://eyewitnessbible.org/luke/>

Dad is listening to his daughter say her prayers before bedtime.

She says - God bless mummy and God bless daddy and God bless grandma and... goodbye grandpa.
He asks her - why did you say that?
I don't know, I just felt like saying it.
The next day, grandpa drops dead. Wow, thinks dad, that's an odd coincidence.

A month later at bedtime, the daughter says - God bless mummy and daddy. And goodbye grandma.
Sure enough, the next day grandma breathes her last earthly breath.

The dad realizes this is more than a coincidence, but he is not sure what to do. He doesn't want to disturb his wife by telling her (Grandma and grandpa were her parents).

Months go by and one night the man is listening to his daughter saying her prayers at bedtime - God bless mummy... she turns her head and looks straight at him - and goodbye daddy. What!? are you sure honey?
She nods. The man's heart begins racing and he breaks out in a sweat. He is so upset, he can't sleep at all that night.

The next day he goes off to work, but locks himself in his office. He takes the phone off the hook, cancels all his meetings and awaits the inevitable. He stays at work past 5 because he feels secure there. He watches the hours tick by. Finally, it is midnight and, drenched in sweat, he realizes he has cheated death. He drives home drenched in sweat and with all his nerves frazzled.

His wife is up and waiting for him - Where the hell were you today? He replies - Don't shout, I've had an absolutely miserable day.

His wife then says - You had a miserable day? I'm the one who had a miserable day! First, the milkman we've used for years, drops dead on the front steps

MORNING TEAS: Now Covid rules have been relaxed a little more, we are able to reinstate morning teas after the morning service – but only if we can find enough people prepared to go on a roster for preparation and clean up. For the moment we will conduct a morning tea on **20th March** (Trevor's last service), and on **April 17th** (Easter Sunday). Please give your names to Bernice Humphrys if you are prepared to be on a morning tea roster.

PEOPLE: (who need our prayers).

Christine Abbott tripped over Tuesday and has a broken rib.

Rod Dunbar has had a cortisone injection this week with the hope of reducing pain.

Jill Magor will be relocated to Ross Robbie next week. She is allowed visitors, but please phone John Magor first.

John and Ruth Keith are in the same unit (not same room) at Onkaparinga Lodge. Ruth can be contacted by telephone, but is finding conversation difficult

Milton Hender recommenced Chemo this week.

Les Harris (husband of Marie) has significant health issues

There are a number who are experiencing **unresolved family issues** who would appreciate your prayer (without being identified here).
