This training for volunteers is about de-escalation and will be helpful training and professional development for anyone who engages with community members in the social and community services area.

There is an explanation in the PDF (attached) about the training. It sounds specific to The Salvation Army, however when other groups have attended this training elsewhere it has been extremely beneficial for them.

If people can RSVP to me so I know numbers, or if they have any questions, they can get in contact with me.

My daughter went to a Mexican fast food outlet and ordered a taco. She asked the person behind the counter for 'minimal lettuce'.

He said he was sorry, but they only had iceberg lettuce.

AND

I was at the airport, checking in at the gate when an airport employee asked, 'Has anyone put anything in your baggage without your knowledge?'

To which I replied, 'If it was without my knowledge, how would I know?'

He smiled knowingly and nodded, 'That's why we ask'.
