This training for volunteers is about de-escalation and will be helpful training and professional development for anyone who engages with community members in the social and community services area.

There is an explanation in the PDF (attached) about the training. It sounds specific to The Salvation Army, however when other groups have attended this training elsewhere it has been extremely beneficial for them.

If people can RSVP to me so I know numbers, or if they have any questions, they can get in contact with me.

The pedestrian light on the corner beeps when it's safe to cross the street.

I was crossing with an 'intellectually challenged' co-worker. She asked if I knew what the beeper was for. I explained that it signals blind people when the light is red.

Appalled, she responded, 'What on earth are blind people doing driving?!'

She is a government employee...

I had been teaching my 3-year-old daughter the Lord's Prayer. For several evenings, at bedtime, she would repeat after me the lines from the prayer.

Finally she decided to go solo. I listened with pride as she carefully enunciated each word, right up to the end of the prayer: 'Lead us not into temptation,' she prayed, 'but deliver us from e-mail. Amen.'
