A BUSY SUNDAY MORNING

GOODBYE

We farewelled Anne and Andrew Craig.

Thanks for all you have contributed to Adare and best wishes for your next venture.

RELAX

A new place to rest and to chat whilst catching up with people and share a coffee.

SOUP ON SUNDAY

Our first of our Soup on Sunday mornings. A warming cup of soup and a bread roll was appreciated by all. Many thanks to Lyn Moss for organizing this and to those who provided the very delicious soup.

Plan For Aging

Most seniors never get enough exercise. In His wisdom God decreed that seniors become forgetful so they would have to search for their glasses, keys and other things thus doing more walking. And God looked down and saw that it was good.

Then God saw there was another need. In His wisdom He made seniors lose coordination so they would drop things requiring them to bend, reach & stretch. And God looked down and saw that it was good.

Then God considered the function of bladders and decided seniors would have additional calls of nature requiring more trips to the bathroom, thus providing more exercise. God looked down and saw that it was good.

So if you find as you age, you are getting up and down more, remember it's God's will. It is all in your best interest even though you mutter under your breath!

Ralph Waldo Emerson:

'To laugh often and much; to win the respect of the intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the beauty in others; to leave the world a bit better whether by a healthy child, a garden patch or a redeemed social condition; to know that one life has breathed easier because you lived here. This is to have succeeded.'
