Worrying is carrying  
tomorrow's load with  
today's strength—  
carrying two days at  
once. It is moving into  
tomorrow ahead of time.  
Worrying does not  
empty tomorrow of its  
sorrow; it empties today  
of its strength.

they're the only  
feet I have!'

## LESSONS FROM MOVIES

5. The ventilation system of any building is a perfect hiding place. No one will ever think of looking for you in there and you can travel to any other part of the building without difficulty.
6. Should you wish to pass yourself off as a German officer, it will not be necessary to speak the language. A German accent will do.
7. A man will show no pain while taking the most ferocious beating but will wince when a woman tries to clean his wounds.

You don't realize how old you  
are until you sit on a beach  
chair and then try to get up.

During a Sunday school lesson,  
little Billy learned about how  
God created human beings. The  
boy became especially focused  
when the teacher explained  
how Eve was created from  
Adam's ribs. Later in the week,  
the boy's mother saw him lying  
down on the floor, so she asked  
him what was wrong. His reply  
was priceless: "Mom, I have a  
pain in my side—I think I'm  
getting a wife."

I signed up for an exercise class and was  
told to wear loose-fitting clothing.  
If I HAD any loose-fitting clothing I  
wouldn't have signed up.
